

RESEARCH AND DEVELOPMENT CELL

OBJECTIVES:

1. Foster a culture of innovation and inquiry among faculty, students, and staff by encouraging and supporting research activities in diverse fields.
2. Establish partnerships with industries, research organizations, and academic institutions to enable collaborative projects, knowledge exchange, and resource sharing.
3. Identify and secure grants or funding from national and international agencies to support research and developmental projects within the institution.
4. Promote interdisciplinary research by integrating knowledge and methodologies from multiple disciplines to address
5. Promote the publication of research findings in reputed journals, participation in conferences, and filing of patents to contribute to the academic and industrial community.

FUNCTIONING OF R&D CELL:

Function as a Research and Development Cell to promote and support research activities among faculty and students, providing necessary resources and guidance to foster innovation and interdisciplinary collaboration.

Perform any other tasks assigned periodically to enhance research culture, industry-academia partnerships, and knowledge dissemination within the institution.

ACTIVITIES OF R & D CELL:

The R&D Cell was established in the college to coordinate and implement various policies and programs initiated by the Central Government, MHRD, MSBTE, and State Governments to promote research and innovation among students and faculty.

It also undertakes activities to create awareness about research opportunities, funding schemes, and industry-academia collaboration. The faculty members of the Cell are actively engaged in guiding and supporting students and faculty in matters related to research, innovation, and intellectual property. Announce details of research grants, start-up initiatives, government funding schemes, and fellowship opportunities through circulars to students and faculty as and when notified by the Central Government, MHRD, MSBTE, and State Governments.
